THROUGH THE CLOVER.

We strayed together where the path
Gave winding through the clover,
And 'neath the soft, sweet orchard grass,
Where apple-blossoms hang over,
We watched the waving of the hay,
All ready for the mowing;
We saw the blueness of the sky,
And felt the fresh winds blowing.
And to our light, free hearts the day
Was as glad as glad could be,
And nothing looked of fair or bright
For Margaret nor me.

But at the brook our way diverged,
Miss up the hillside leading,
And here passed the gentle slopes
Where peaceful flocks were feeding,
In slight uncertainty we stood,
We thought not of dividing,
While each the other's doubting steps
Rebuked with playful chiding.
In mood half-veiled, half-laughing, we
Could never quite agree
If should cross the fields with her,
Or she to hills with me.

At last we took our separate ways,
Our hearts with angry burning;
Each longed to call the other back,
But seemed to think of turning,
As we, had we but read aright
The omen clear before us,
We had less lightly led the faith
No future can restore us.
Nor sighed to think how better far
For both of us, 'twould be
If I had crossed the fields with her,
Or she to hills with me.

THRIVING INDUSTRY.

"CLEVELAND BADGE" FACTO-
RIES RUNNING FULL TIME.

How a Fifth Ward Woman Got the
Best of a Downtown Storeman—A
"Tall" With a Moral.

THE CLEVELAND BADGE.

While our good brother of *The Bulletin*
is hunting up the disabled industries that
are "reunuing" for small orders and on
smaller wages, he should not overlook
those factories that are running on full
time and with an increasing demand for
help.

As *THE LEDGER's* mission is to do good
and scatter information, it takes occasion
to call Brother March's attention to the
Cleveland Badge Factories that abound in
so many households just now.

The badge itself is neither a thing of
beauty nor a joy forever, and can best be
described by the diagram given above.
Just how this industry originated, and
how it has grown to be more successful
than even a fuel gas plant, will be ac-
tually shown from the following story from
actual life.

A lady of the Fifth Ward, whose hus-
band voted for Cleveland, reform and a
change, and who has been freed from
toil by the great and only Grover, was
down town the other day trading with
one of our leading stores.

She was well acquainted with the chief
engineer of the craft, and after having
her order booked she began chatting with
that gentleman.

After a time she started up suddenly
and said—
"Well, this'll never do. I must hurry
home and finish this Cleveland badge."

The storeman was a Republican and he
hopped up on his hind legs in a jiffy—
"I should think you would be thinking
of anything but making Cleveland badges
these hard times, and I can't imagine
what sort of badge you would make."

"I'll tell you what it is, sir," said the
spunky wife; "it's a patch about the size
of a palm-leaf on the seat of John's
pants; it's the prevailing fad up in the
Fifth and Sixth Wards since the present
British Free-trade Administration came in.
Why, even Republicans are putting
them on, and there never was a more ap-
propriate badge in the world," and with
a barometer smile the woman hailed Con-
ductor McDonald, hopped on an electric
car and sailed away, leaving the storeman
nursing a soliloquy taxed 10 per cent. ad
valorem.

And this is about what he was saying:
"Damit that woman is half as big a fool
as the Democrats in Congress."

OUR CHURCH COLUMN.

WHAT WILL BE DONE AND SAID
TOMORROW.

Announcements of the Various Pas-
tors—A "Regular Attendant" on the
Christian Endeavor Organization.

The hymn books used at the First
meetings can be procured at the drug-
store of J. James Wood at 30 cents apiece.

There will be preaching tomorrow
at 10:30 a. m. at Mitchell's Chapel. No
service at night. Subject of the morning
theme: "The Story of Joseph." Sabbath-
school at 2:30 p. m. The Pastor requests
his congregation to worship at the First
Baptist Church tomorrow evening. All
invited to our morning service.

LEONIDAS ROBINSON, Pastor.

The Disciples of Christ will meet as
usual tomorrow at 10:45 a. m. and 7:15
p. m.; Sunday school at 9:15 a. m.; Y. P. S.
C. E. at 6:15 p. m. Morning subject: "A
Creed of Words or a Creed of Deeds,
Which?" Night subject: "A Bunch of
Theological Keys." God kisses the
cheek of Nature once in every twenty-
four hours with his blessed sunshine, and
folds as often the poor man's hut as well
as the prince's palace in the arms of
His protection. Thus He keeps on say-
ing in language not to be mutilated by
the grammar of traditionalism or spoiled
by the sophistry of metaphysics, God is
good! God is good! This is one un-
iversal message that is heard in every dia-
lect of earth, and which gives the uplook
to all peoples, however rude in culture or
however barbarous in practice. It is the
revelation of Nature that has built its
shrine in every valley and made a temple
of every mountain. The poetry of Na-
ture is as infinite in its variety as the cul-
ture of the man who knows it.

E. B. CAKE, Minister.

Services will be held tomorrow as
follows: Sunday school as usual at the
various churches at 9:15; preaching by
Evangelist Fife at 10:30 o'clock at the
First Baptist Church; the Pastors will
hold a prayer service at 4:00 p. m.; the
Y. M. C. E. will have charge of the
meeting at 8:45 p. m. at the First Baptist
Church, to which every man in the city
is cordially invited, as it is expected that
Evangelist Fife will be present and take
an active part in the meeting. The sub-
ject, which is intended to bring out
spiritual truth from members, will be
on the coming revival meetings—"A
Child of a King; its Duties;" at 6 p. m. the
Christian Endeavor Societies, together
with the Epworth League of the M. E.
Church, will hold a union service at the
First Presbyterian Church, and it is
expected that all the members will be
present and take part; preaching at the
First Baptist Church at 7:15 p. m. by
Evangelist Fife. In case of an overflow
at the First Baptist Church at either
service, there will be a meeting held
at the First Presbyterian Church, con-
ducted by Rev. T. W. Waits in the
morning and by Rev. W. O. Cochrane in
the evening. Let everybody attend these
meetings, as they are for our benefit, as
well as advancing the cause of Christ in
our city.

It was one bright and beautiful day
when many young and noble hearts were
touched with inspiration sufficient to in-
stitute that grand sublime organization
known as the Christian Endeavor Society;
and while its beginning may have been
as insignificant as the little sparkling riv-
ulet which at first flows on and on until
letting itself its way down the mountain
side, yet, notwithstanding this, it has,
by its untiring energy, determined pur-
pose and most remarkable earnestness,
become one of the mightiest factors for
good among the young people of our day.
Indeed, it has fairly become a world-wide
movement which may flow on and on until
the world under its soothing influence.

No institution could have been intro-
duced which affords such an opportunity
for the unfolding and developing of the
youthful mind for present and future
usefulness, both in religious culture and
social life.

It has been said that the fairest flower
in the boundless garden of creation is the
young mind, and we think it true, be-
cause it is susceptible of being trans-
formed into a majestic river of purity and
goodness which may flow on and on until
the shores of Eternity shall have been
reached, and for aught we know pene-
trate Eternity itself.

Oh, how grand the scene to behold
those youthful people in their weekly
meetings and to hear the soul-stirring pa-
triotisms they offer up, admonishing each
other fervently to be faithful and true to
the work in which they are engaged!

The matchless devotion exhibited by
them continually is marvelous indeed and
impressive beyond measure. Our prayer
is that the society shall continue in the
grand work until its spotless banner shall
triumphantly wave over the beautiful
land.

REGULAR ATTENDANT.

There is one real spring remedy!
There is one true specific for diseases arising from a debilitated nervous system,
and that is Paine's Celery Compound, so generally prescribed by physicians. It is
probably the most remarkable remedy that the scientific research of this country
has produced. Professor Edward E. Phelps, M.D., LL.D., of Dartmouth College,
first prescribed what is known as Paine's Celery Compound, a pos-
sible cure for dyspepsia, biliousness, liver complaint, neuralgia, rheumatism, all ser-
vous diseases and kidney troubles. For the latter, Paine's Celery Compound has
succeeded again and again where everything else has failed.

The medical journals of this country and of Europe have given more space in
the last few years to the many remarkable cases where the use of Paine's Celery
Compound has made people well, than to any other subject.

W. P. Fife, the "Drummer Evangelist,"
will arrive this afternoon on the 4:30
train. A telegram from him yesterday
announced that he had left Richmond,
Va., and God willing, he would be here
this afternoon.

Last night the crowd at the First
Baptist Church was as large as on any
previous evening, it being the last praise
and prayer service before the coming of
Evangelist Fife. It was led by Rev. Mr.
Meloney, and was a decided improvement
over any previous evening.

CHARLES DAHLBERG, "Charley the
twister," yesterday got twisted up with
a lot of mean whisky and Judge Wals-

county, was here this morning, on route
home from Frankfort, where he had been
in company with T. A. Mitchell and W. C.
Halbert before the State Board of
Equalization. The board agreed to let
the assessment stand as returned by the
Assessor.

The committee having reported that
one mile of the Twelve Turpicks had
been completed, the County Treasurer
was ordered to pay to the President of
that company the sum of \$823.24, being
paid payment on cost of same—the cost
being \$8,005.60, the county giving three-
fifths and retaining one third, or \$401.27,
until completion of the road.
